The Company has prepared the unaudited financial statements presented below in accordance with accounting principles generally accepted in the United States for interim financial information, as well as the instructions to Form 10-QSB. Accordingly, they do not include all the information and footnotes required by generally accepted accounting principles for complete financial statements. However, the financial statements have been reviewed by the Company's independent auditors, Williams & Webster, P.S., using professional standards and procedures for conducting such reviews established by generally accepted auditing standards, and we include herewith their report. It is the opinion of the Company's management that all adjustments considered necessary for the fair presentation of the interim financial statements have been included. Operating results for the nine-month period ended September 30, 2004 are not necessarily indicative of the results that may be expected for the full year ending December 31, 2004.

For further information refer to the financial statements and footnotes thereto in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2003.

Subsequent Event. See Part II – Other Information, Item 2 – Changes in Securities, below.

The Board of Directors
Metaline Contact Mines
Murray, Idaho

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We have reviewed the accompanying balance sheet of Metaline Contact Mines as of September 30, 2004 and 2003, and the related statements of operations, stockholders' equity, and cash flows for the nine months ended September 30, 2004 and 2003. These interim financial statements are the responsibility of the management of Metaline Contact Mines.

We conducted our review in accordance with standards established by the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit in accordance with auditing standards of the Public Company Accounting Oversight Board, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

The financial statements for the year ended December 31, 2003 were audited by us and we expressed an unqualified opinion on them in our report dated March 5, 2004. We have not performed any auditing procedures since that date.

[Table of Contents](#)**Item 2. Management's Discussion and Analysis or Plan of Operations**

Results of Operations

The Company had revenues from operations of \$3,880 in the third quarter of 2004, the same as in the third quarter of 2003. The Company experienced an increased operating loss of \$35,871 in the third quarter of 2004, versus \$6,743 in the third quarter of 2003. The increased loss of \$29,128 was due primarily to the increase in management fees as a result of granting stock options to two newly appointed directors.

There was an increase in management and consulting fees to \$30,000 in the third quarter of 2004, versus \$1,500 in the third quarter of 2003. The increase was due to the granting of 500,000 share options valued at \$0.06 per share to two new directors. Professional fees, consisting of legal and accounting, were \$6,628 in the third quarter of 2004, versus \$3,000 in the third quarter of 2003. The increase, \$3,628, was due to the billing cycle of the Company's auditors. There was a 49% decrease in administrative expenses in the third quarter of 2004, to \$3,123, versus \$6,123 in the third quarter of 2003. The difference of \$3,000 is attributable to the termination of the Company's Offices Services Agreement with Murrayville Land Company LLC, and a decrease in financial printing (Edgar) expenses associated with SEC filing requirements.

During the third quarter of 2004, the Company's other income increased by \$37, to \$1,908 from \$1,871, due primarily to an increase in dividend income.

It should be noted that excluding the charge to management fees of \$30,000 for the granting of stock options to directors, the Company's operating loss decreased by \$872, or 13%, from \$6,743 in the third quarter of 2003 to \$5,871 in the third quarter of 2004. In addition, the Company's net loss decreased by \$909, or 19%, from \$4,872 in the third quarter of 2003 to \$3,963 in the third quarter of 2004.

Financial Condition

The Company can continue at its current level of operations for 2 additional years without the necessity of additional capital. Professional fees (auditing/accounting), and related administrative costs associated SEC reporting requirements, are the Company's most significant expenses. Thereafter, the Company may require additional capital. Additional capital could be obtained from increased revenues from operations, and/or the sale of shares of the Company's authorized, but unissued, common stock.

Any production decision on the Company's mineral rights and properties that could significantly increase its revenues is under the sole discretion and control of Teck Cominco American Incorporated and New Jersey Mining Company. Further, there are no assurances that the Company would be able to sell shares of its common stock on terms acceptable to the Company. Any such sales of shares could be dilutive to the Company's then-existing shareholders, and any debt financings could involve restrictive covenants with respect to future capital raising activities, and other financial and operational matters.

Presently there are no trends, events or uncertainties that have, or are reasonably likely to have, a material impact on the Company's short-term or long-term liquidity; there are no material commitments for capital expenditures, except for the management of its own business affairs; and there are no known trends, events or uncertainties that have or that are reasonably expected to have a material impact on the revenues from operations.

Table of Contents

Liquidity and Capital Resources

Historically, the Company has funded its capital requirements from revenues from operations, interest earned on its cash accounts, and other income. As of September 30, 2004, the Company's cash position was \$93,103, compared to \$ 110,480 on September 30, 2003.

The Company has no debt. The Company does not expect to incur any debt in the immediate future to expand its current level of operations. The Company has no financial obligations under the New Cominco Lease, the Golden Chest Lease, or the New Jersey Exploration Agreement. It's most significant cash requirements are accounting fees and other expenses associated with U.S. Securities and Exchange Commission reporting requirements. The Company has a related party receivable from MCMLLC in the amount of \$109,413, with accrued interest of \$28,722, as of September 30, 2004. As the Managing Member of MCMLLC, the Company believes it has the ability to collect on this receivable in the event of a shortfall of cash. In addition, the Company will receive a 5% Net Smelter Return ("NSR") royalty payment from New Jersey Mining Company for development ore stockpiled at the Golden Chest Mine. The amount of the royalty will not be determined until the 4th quarter of 2004 when the ore is processed, and the concentrates are sold.

Based on the foregoing, it is management's opinion that at its current level of operations the Company can satisfy its working capital requirements internally in the immediate future without the need to seek outside sources of equity or debt funding.

Subsequent Event

Effective November 1, 2004, MCMLLC assigned the above-described receivable and accrued interest to Nor-Pac Limited Company ("Nor-Pac"). Nor-Pac owns a 93% equity membership interest in MCMLLC. The Company consented to the assignment.

Item 3. Controls and Procedures

The Company's Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO") performed an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures. On that evaluation, the CEO and CFO concluded that the Company's current disclosure controls and procedures were effective as of September 30, 2004 in ensuring that all material information required in this quarterly report has been made known to them in a timely fashion.

There have been no changes in the Company's internal controls over financial reporting during the quarter ended September 30, 2004 that has materially affected, or is reasonably likely to materially affect, its internal controls over financial reporting.

For further information refer to the Controls and Procedures section in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2003, incorporated herein by reference.

PART II — OTHER INFORMATION

Item 1. Legal Proceedings

The Company is not a party to any legal proceedings, and management is not aware of any threatened litigation, claims or assessments.

[Table of Contents](#)**Item 2. Changes in Securities**

There has been no change in securities for the quarter ending September 30, 2004.

Subsequent Event

Effective November 1, 2004, the Company reacquired 748,065 of its shares, representing approximately 5% of its outstanding stock. The shares were obtained through a distribution made to the Company by Metaline Contact Mines LLC. The Company owns a 7% equity membership interest in the LLC. The reacquired shares will be returned to the treasury and become authorized, but unissued, shares.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Submission of Matters to a Vote of Security Holders

None.

Item 5. Other Information

None

Item 6. Exhibits and Reports on Form 8-K

SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, Richard I. Howell, President and Chief Executive Officer, certify that:

1. I have reviewed this quarterly report on Form 10-QSB being filed for Metaline Contact Mines (the "Registrant");
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in the report, fairly present in all material respects the financial condition, results of operations and cash flows of the Registrant as of, and for, the periods presented in this quarterly report;
4. The Registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the Registrant and have:
 - (a) designed such disclosure controls and procedures to ensure that material information relating to the Registrant, including its consolidated subsidiaries, is made to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
 - (b) evaluated the effectiveness of the Registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"); and
 - (c) presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures on our evaluation as of the Evaluation Date;
5. The Registrant's other certifying officer and I have disclosed, based on our most recent evaluation, to the Registrant's auditors and the audit committee of the Registrant's Board of Directors (or persons performing the equivalent functions):
 - (a) all significant deficiencies in the design or operation of internal controls which could adversely affect the Registrant's ability to record, process, summarize and report financial data and have identified for the Registrant's auditors any material weakness in internal controls; and
 - (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Registrant's controls.

Exhibit 31.1 - Page 1

6. The Registrant's other certifying officer and I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
